

BTEC Summer Term 2020 - the next 3 weeks

For all groups and teachers - this info and all materials are now available on Godalming Online

Unit 2 Set work for all 3BS4 and 3BS8 lower sixth students

Week beginning Monday 20th April

Use the allocated lesson time over the next fortnight to research the 'Last Practice' paper (May 2019 - Pop-up Cinemas) which is now visible on Godalming Online (with the other past papers under Unit 2).

We are going to attempt this practice under timed conditions a bit like a mock. If you were sitting this for real you would be given the pre-release (Part A) a fortnight before the assessment takes place.

You may prepare up to 6 sides of notes that you want to use for the write up.

Follow the same format and system that you have used for the other practice papers.

Week beginning Monday 4th May

Complete the May 2019 - Pop-up Cinemas paper (Part B, the actual paper with the case study and the questions will now be available) and upload by the end of the day on **Friday 8th April**.

You may spend 1.5 hours each on Activity 1 and Activity 2 and upload your finished submission to me on GoL by the end of the week.

If you are allowed extra time you can add 23 minutes to each Activity (45 mins overall on a 3hr paper)

We will mark your work online and return it to you with feedback using the Godalming Online system as usual.

You can email us but you must not send attachments with an email.
