Problem Solving, Programming, Data Representation and Practical Exercise

Specimen EAD for examinations in June 2010 onwards
This EAD uses the new numbering system

Instructions

- This is the Electronic Answer Document (EAD). Answer **all** questions by typing your answers into this document on screen. You **must save** this document at regular intervals.
- Type the information needed in the boxes at the top of this page, including the programming language you will be using.
- Before the examination begins, type in your **Centre Number, Candidate Name and Candidate Number** in the footer of this EAD (not the front cover). Information

During the examination

- You may print out pages of your EAD. A print monitor will collect and deliver your print out to you. You must **not** collect your own print out.

Exceptions

- If you experience difficulty inserting screen shots into your EAD then you may print these separately and attach to the EAD with a reference in the correct place in the EAD. Ensure your centre number, candidate name and candidate number are on each sheet.

At the end of the examination

- Save for the last time and print out your EAD. A print monitor will collect and deliver your print-out to you. Check that your details are in the footers of every page. You can write them in if they are not.
- Enter your signature on the front cover when your print-out is handed to you.
- Hand in **all** pages of this EAD to the invigilator.

Warning

- No extra time is allowed for printing and collating.
- It may not be possible to credit an answer if your details are not printed on every page as instructed above.

version 1.1

Answer **all** questions.

You **must save** this document at regular intervals or you may lose your work.
