Q. Why do girls do better than boys in the education system?

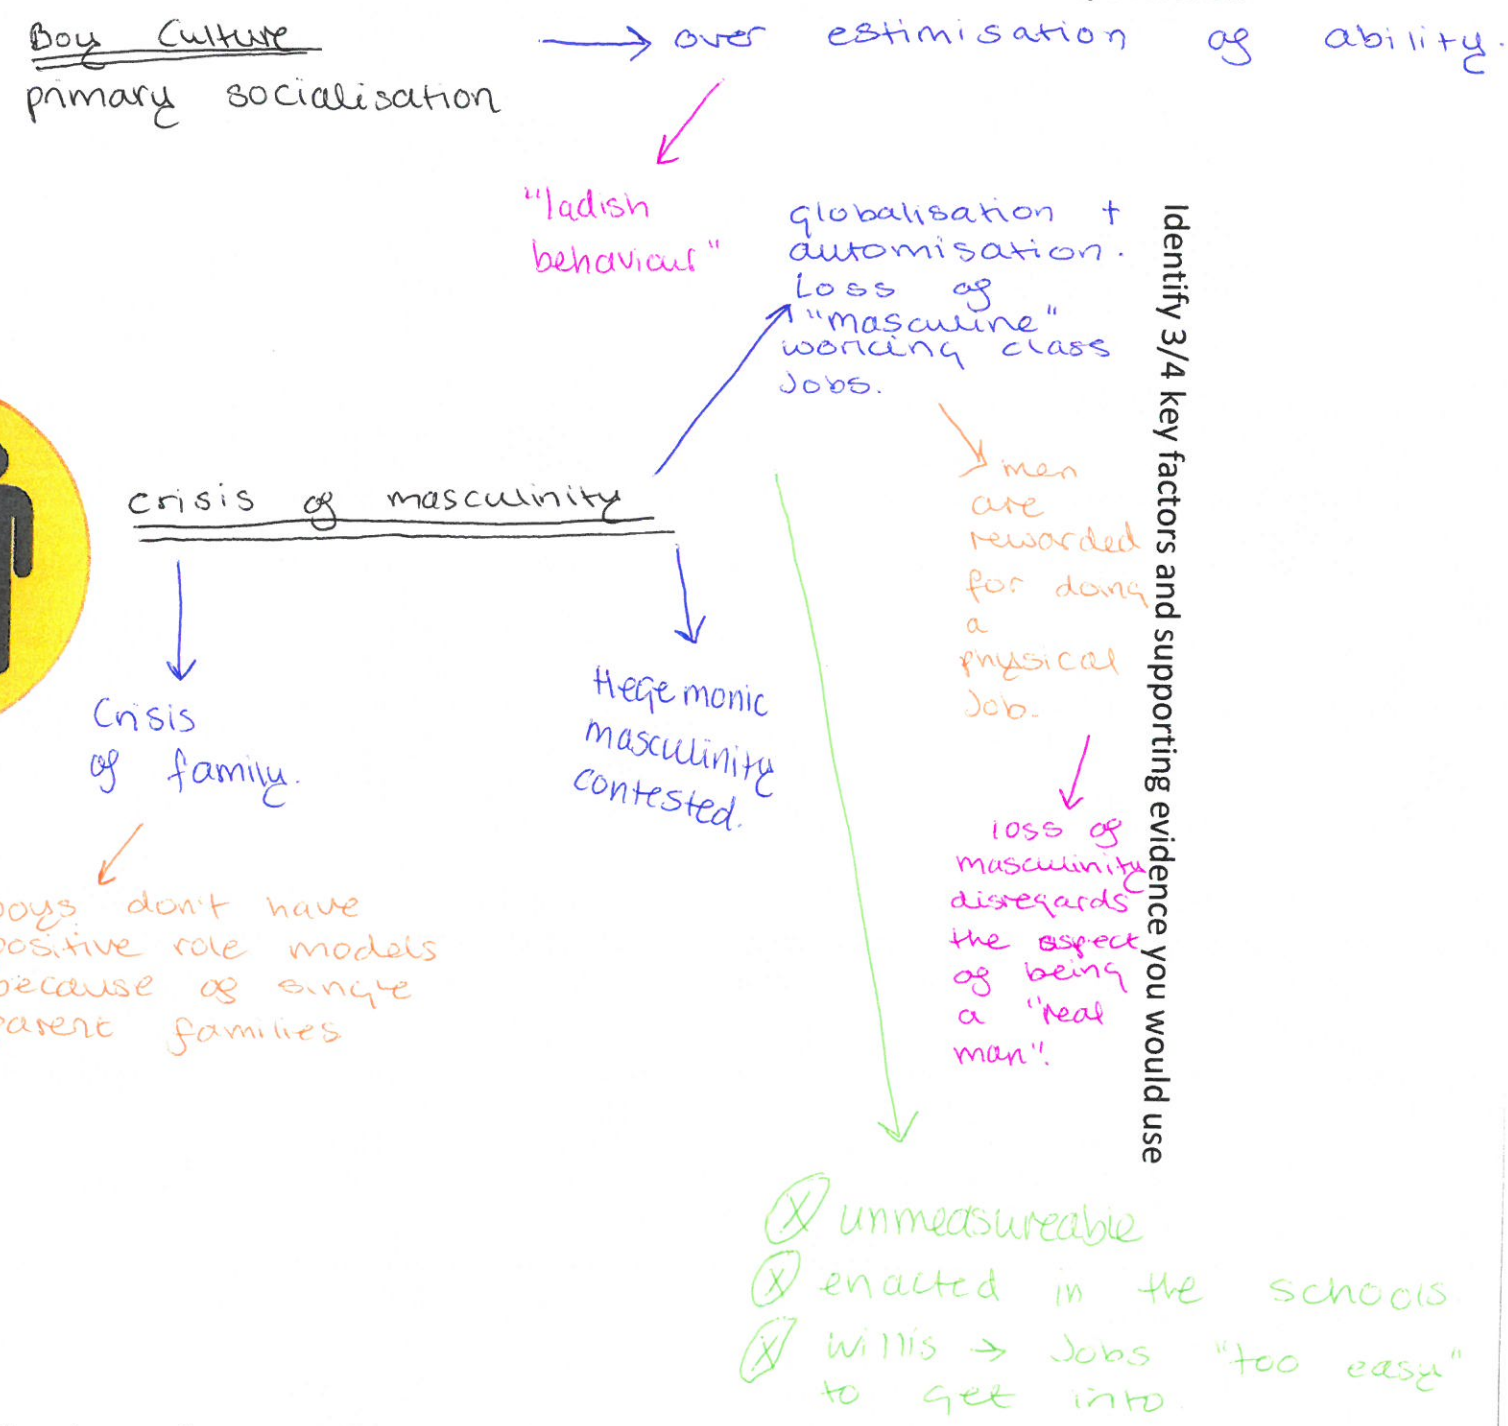

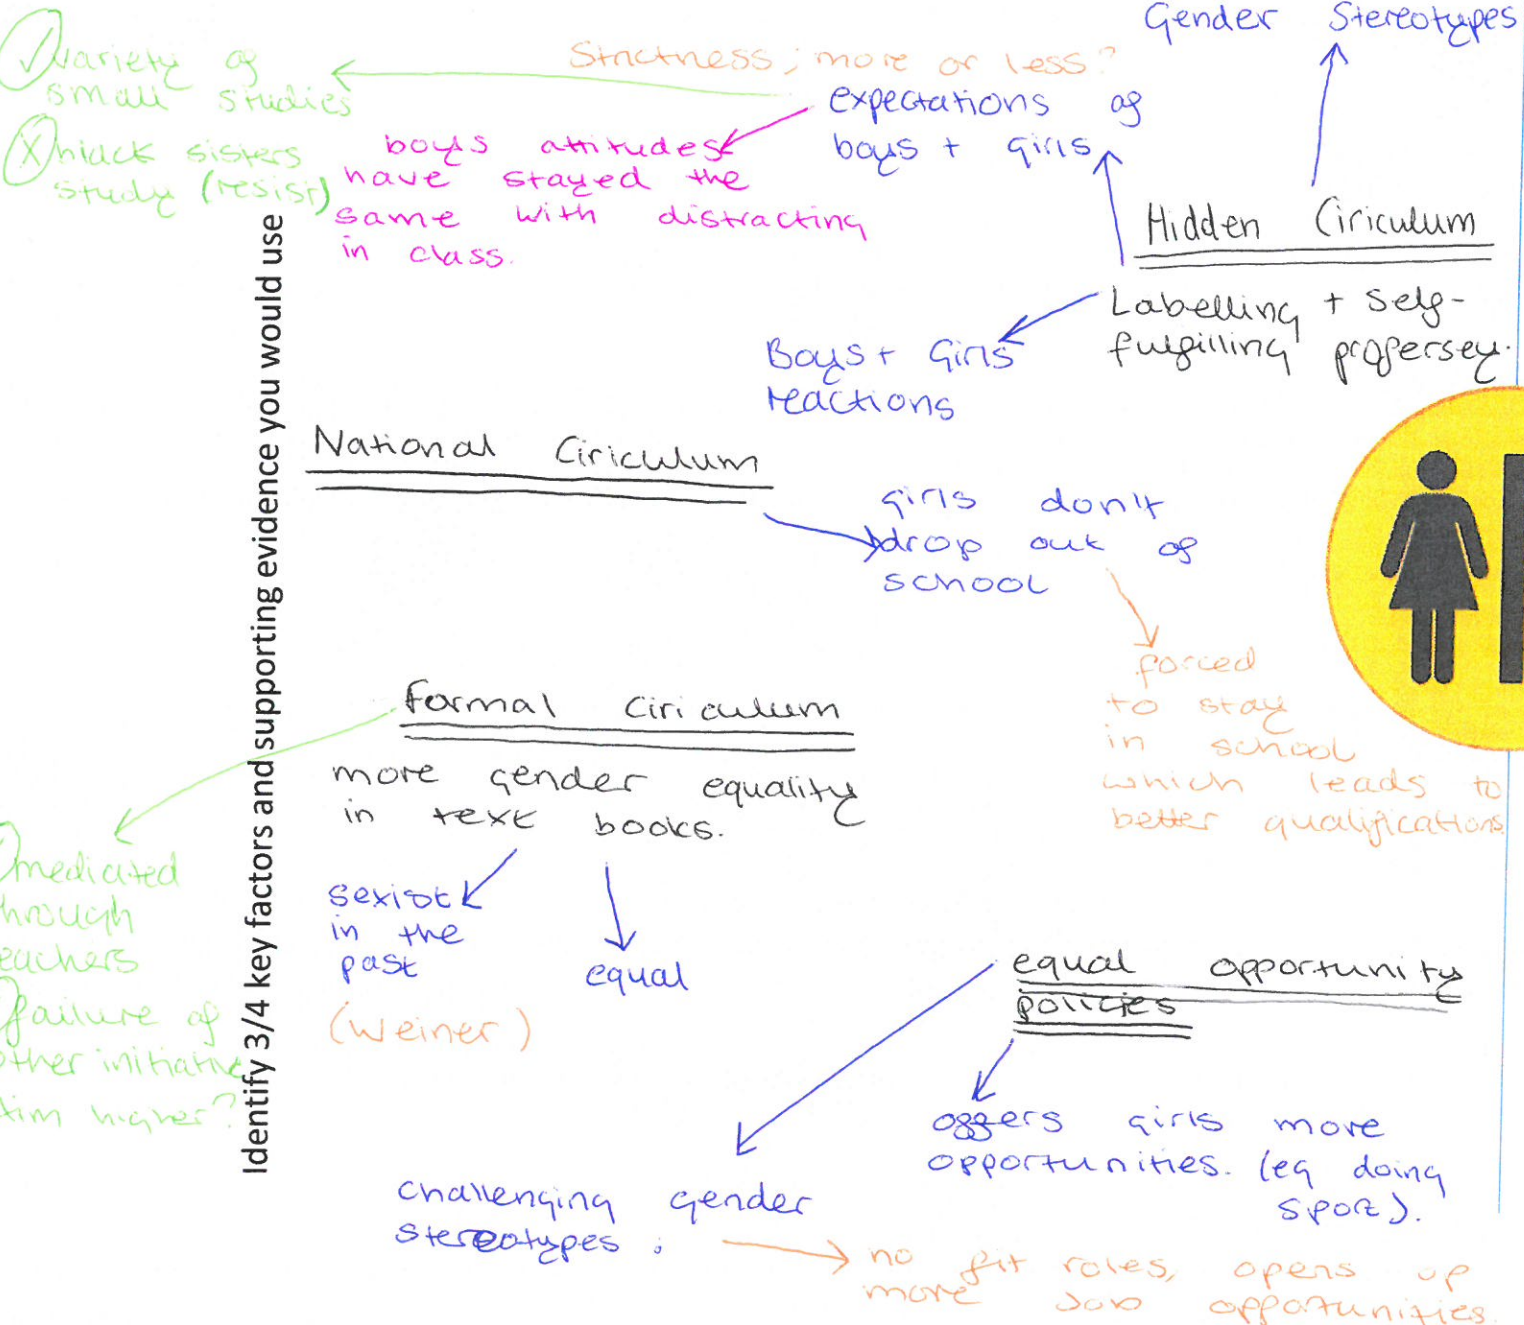

INTERNAL

Boys dominate classroom (Francis)

EXTERNAL

Key factors within schools with studies/evidence

Key factors from outside schools with studies/evidence

Identify 3/4 key factors and supporting evidence you would use

Identify 3/4 key factors and supporting evidence you would use

NB

1. Do these factors effectively explain the change from 1988 onward?
2. Are these factors measurable/quantifiable?
3. Do they focus on girls' relative success or boys' relative failure?
4. Can we assume that girls really "do better" in an unqualified way?
