

## Gold: Unit 1 Parts B and C

### Purpose of worksheet:

To give you some starting points for researching and getting involved in your wider arts community, and to help you produce a summary of what you find out.

- ★ This optional worksheet relates to pages 8-9 in your **Gold booklet** (*adviser note: toolkit pages 51-52*)

What art forms / areas of practice are you interested in?

Describe the kind of people and organisations involved in the areas you identified above.

Where do they work / display / perform / exhibit?

- ★ **Task:** do some research – how might you be able to connect with arts professionals or work alongside them? How do people get involved in these art forms? Could you visit some of these organisations? Maybe you could go to a workshop, demo or backstage tour, or volunteer there? Remember to check out your local Arts Award Supporter organisations:

[www.artsaward.org.uk/supporter](http://www.artsaward.org.uk/supporter)

- ★ Think about how your research and experiences have influenced your own arts practice, and how you might develop it even further in the future.
